

SCHEDULES FOR COLLABORATIVE RESEARCH DATA LICENCE AGREEMENT

SCHEDULE A - DETAILS

1. Licensee's Full Name: Licensee's Address: Licensee's Phone/Fax: Licensee's Email:	
2. The Data	<i>(Fill in a description of the Data covered by the licence here.)</i>
3. Purposes for which the Data may be used:	Subject at all times to the limitations imposed by the Agreement, the Licensee may use the Data for the purposes of and in accordance with the collaborative research arrangement.
4. Acknowledgments required in relation to anything produced or published by the Licensee using or referring to the Data:	The following citation should be used in documenting the Data: <i>[Insert name of spatial data set here before citing]</i> Spatial data produced at the Australian Centre of the Asian Spatial Information and Analysis Network under the direction of Lawrence W. Crissman. Copyright Griffith University.
5. Consideration:	In order to obtain the Data under a Collaborative Research Licence, the Licensee must enter into a cooperative research arrangement with the University with the terms set out in Schedule B. If the Land-use Map of China Spatial Data Bases are to be distributed to the Licensee under the collaborative arrangement, then the Institute of Geography, Chinese Academy of Sciences, will be invited to join the collaboration.
6. Term of Licence:	A minimum of ten years and thereafter from year to year until terminated by either party giving the other party 14 days written notice.

<p>7. Format of Data</p>	<p>ARC/INFO export file (.e00) ARC/INFO export file, UNIX compressed (.e00.Z) ArcView Shape Files, WinZip compressed (.zip) MapInfo files, WinZip compressed (.zip) Other _____ (additional considerations may apply)</p>
<p>8. Form of Media:</p>	<p>3.5 Inch Floppy Disks (US\$1.00), # ____ 8mm Data Cartridge (US\$10.00), # ____ Colorado MiniCartridge (US\$8.00), # ____ Iomega Zip Disk (US\$15.00), # ____ CD Rom (US\$5.00) # ____ Download from the Internet (No charge)</p> <p>If download from the Internet is selected, the University will contact the Licensee with account details by email.</p>
<p>9. Site Licence: (optional)</p>	<p>If a multiple or site licence is required instead of a single licence for installation on only one computer at any time, complete the following details:</p> <p>Hardware/Network on which the Data will be installed:</p> <p>Number of Users:</p> <p>Location:</p> <p>The University may set an additional Site Licence Fee based on the above information.</p>

SCHEDULE B - ADDITIONAL CLAUSES

Among other possible terms, the cooperative research arrangement required for Collaborative Research Data Licences will include the following:

The Licensee will offer Lawrence W. Crissman, Director, or other persons at the Australian Centre of the Asian Spatial Information and Analysis Network (ACASIAN), Griffith University, joint authorship of any publications which are substantially based on analyses of or information derived from the Data.

If the Data include the Land-use Map of China Spatial Data Bases, then the invitation for joint authorship will be extended to Professor Wu Chuan-jun or other persons at the Institute of Geography, Chinese Academy of Sciences.

If the Land-use Map of China (LUMC) Spatial Data Bases are to be distributed to the Licensee under the collaborative arrangement, then the citation should read as follows:

[Insert name of spatial data set before citing]

LUMC Spatial Data Base produced at the Australian Centre of the Asian Spatial Information and Analysis Network under the direction of Lawrence W. Crissman from the 1:1,000,000 Land-use Map of China edited by Wu Chuan-jun. Institute of Geography, Chinese Academy of Sciences, and published in 1990 by the Science Press, CAS. Copyright Griffith University.
